- 1.3 A plan of the premises will be available at the meeting to show the layout of the establishment and the areas of licensable activity.

Mediation

- 1.5 A mediation meeting chaired by the Licensing Authority and attended by the applicant and 26 interested parties was held on 10 July 2008. No representations were withdrawn and the application remains as per the agreed position between the police and the applicants, as set out within the report.
- 1.6 A separate mediation has been undertaken between the applicant and the Police. This mediation has resulted in the provision of regulated entertainment and entertainment facilities being withdrawn from the outdoor area and a reduction in the outside area available for the sale and consumption of alcohol.
- 1.7 The proposed licensable activities and timings are shown in table form at **Appendix B**.

3 Representations and Responses to Notices of Hearing

- 3.2 Details of the response to the statutory Notice of Hearing are attached at **Appendix D**.

4 Proposed Operating Schedule

- 4.1 The applicants have prepared an Operating Schedule, which lists the steps that they intend to take in order to promote the four licensing objectives if the licence is granted. A copy of the proposed Operating Schedule is attached at **Appendix E**.

- 4.2 The Interested Parties representations relate to all four licensing objectives, the prevention of crime and disorder, public safety, the prevention of public nuisance and the protection of children from harm. The Interested Parties are concerned that if the licence is granted there will be a change in the character of the premises resulting in an intensification of use leading to increased noise and disturbance from the premises and its patrons.

5 Relevant Licensing Policy Considerations

Licensing Objectives

- 5.1 Section 2.1 of the Policy states: 'The Licensing Authority has a duty under the Act to carry out its licensing functions with a view to promoting the four licensing objectives.' These objectives are the only matters to be taken into account in determining the application and any conditions attached must be necessary to achieve the licensing objectives.
- 5.2 Section 2.2 of the Policy states: A licence will only be granted where the licensing authority is satisfied that these objectives have been met.
- 5.3 Section 2.3 of the Policy lists the kind of measures the licensing authority will be expecting to see taken into account to promote the objectives.

Conditions

- 5.4 Section 4 of the policy sets out what the Sub Committee should consider before imposing conditions on a licence.
- 5.5 The **Guidance** issued under Section 182 Licensing Act 2003 also states:

The licensing authority may not impose any conditions unless its discretion has been engaged following receipt of relevant representations and it has been satisfied at a hearing of the necessity to impose conditions. It may then only impose conditions that are necessary to promote one or more of the four licensing objectives. Such conditions must also be expressed in unequivocal and unambiguous terms to avoid legal dispute.

It is perfectly possible that in certain cases, because the test is one of necessity, where there are other legislative provisions which are relevant and must be observed by the applicant, no additional conditions at all are needed to promote the licensing objectives.

The Act requires that licensing conditions should be tailored to the size, style, characteristics and activities taking place at the premises concerned.

Licensing authorities should therefore ensure that any conditions they impose are only those which are necessary for the promotion of the licensing objectives, which means that they must not go further than what is needed for that purpose.

Licensing authorities should only impose conditions which are necessary and proportionate for the promotion for the licensing objectives. If other existing law already places certain statutory responsibilities on an employer or operator of premises, it cannot be necessary to impose the same or similar duties.

Licensing Hours

- 5.6 Section 6.1 of the Policy states: The Licensing Authority will deal with the issue of licensing hours on the individual merits of each application. However, when issuing a licence with licensing hours beyond midnight higher standards of control will generally need to be included in operating schedules to promote the licensing objectives especially for premises which are situated near residential areas. There is no presumption within the legislation for longer opening hours and the licensing objectives are paramount in any consideration of an application.
- 5.7 Section 6.3 of the Policy states: The terminal hours will normally be approved where the applicant can show that the proposal would not adversely affect the licensing objectives unless, after hearing

relevant representation the licensing authority believe it necessary, proportionate and reasonable to restrict the hours required.

6. Observations

- 6.1 The application being considered is for the grant of a Premises Licence to permit :
- the performance of plays, the exhibition of films, indoor sporting events, the performance of live music, the playing of recorded music and the performance of dance.
 - the provision of facilities for making music and for dancing.
 - the supply of alcohol for consumption on and off the premises.
- 6.2 Representations have been received from Interested Parties who raise concerns that the granting of the licence will give rise to disturbance and disorder from patrons. They are concerned that the club will change in nature from a sailing club to an entertainments venue. There was also a high level of concern over noise from outdoor events and unsupervised children playing outdoors until late at night. Parking may also become an issue if the number of events held at the premises increase and more non members attend the premises.
- 6.3 Following mediation with the police there will be no regulated entertainment or facilities for regulated entertainment provided outdoors and the outdoor area has been reduced in accordance with police recommendations. Furthermore within the operating schedule the applicants have offered a condition that will ensure the premises will still be operated on the basis of a members only club.
- 6.4 The Sub Committee will now need to consider whether to grant this application as it stands or in the light of the representations to refuse the application or grant it in a different form. To assist the Sub Committee a set of conditions have been prepared at **Appendix F** that members may wish to consider having heard from both the applicant and the interested party. The conditions are in part suggested to replace those offered by the applicant with conditions that reflect the applicants intentions but offer a more concise and enforceable operating schedule.
- 6.5 A location plan is attached at **Appendix G**.

Legal Implications

1. As relevant representations have been made in respect of the application, this hearing must be held. (Relevant representations are about the likely effect of the grant of the application on the promotion of the licensing objectives, by interested parties or responsible authorities). The sub-committee must disregard any information or evidence not relevant to the licensing objectives.
2. The sub-committee must consider this application in accordance with Section 4 of the Licensing Act 2003, which requires that licensing functions must be carried out with a view to promoting the four licensing objectives. The licensing authority must also have regard to its own licensing policy and the Secretary of State's guidance, but may depart from both if it has good reason to do so. Those reasons should be stated.
3. Section 18 of the Act requires the licensing authority to grant a premises licence unless it considers additional steps are needed for the promotion of the licensing objectives having regard to any relevant representations.

The steps are:

- (a) to grant the licence subject to:-

licence;

- (i) the conditions in the operating schedule modified to such extent as members consider necessary for the promotion of the licensing objectives, and
- (ii) any condition which must under sections 19, 20 or 21 be included in the

- (b) to exclude from the scope of the licence any of the licensable activities to which the application relates
- (c) to refuse to specify a person in the licence as the premises supervisor
- (d) to reject the application.

The conditions of the licence are modified if any are altered or omitted or any new condition is added. Different conditions may be applied to different parts of the premises, and to different licensable activities. The sub-committee must give its reasons for its decision to take any of these steps. Similarly, if any part of an application is rejected, the sub-committee must give its reasons.

4. The Act requires mandatory conditions to be imposed where supplying alcohol or exhibiting films are approved as licensed activities. It also requires a mandatory condition to be imposed where door supervisors or other individuals carrying out security activities are conditions on the licence.

(a) Section 19 - Mandatory conditions relating to the supply of alcohol

No alcohol may be supplied unless there is a designated premises supervisor who also holds a personal licence.

Every supply of alcohol under a premises licence must be made or authorised by a personal licensee

(b) Section 20 - Mandatory condition relating to exhibition of films-not relevant in this case

Children may only be admitted to films in accordance with the classification recommendations of the British Board of Film Classification, or as recommended by the licensing authority.

(c) Section 21 - Door Supervision

Where door supervisors are specified by condition, those individuals must be licensed by the SIA.

5. The sub-committee will need to consider the hours of operation proposed in relation to the licensable activities in the light of the promotion of the licensing objectives, the effectiveness of the operating schedule proposed by the applicant, the representations received, the location of the premises in relation to residential and other commercial properties including other licensed premises, the history of the management of the premises and how it is proposed to be run in the future, the evidence produced of any problems in the past, and the likely impact of any extension of hours and activities. These issues, and any other relevant ones, may be explored at the hearing.

6. Human Rights Act 1998

- 6.1 The sub-committee must also have regard to the provisions of the Human Rights Act 1998 when determining this application. The 1998 Act made the European Convention of Human Rights directly enforceable in British courts. The relevant provisions are Article 6 (right to a fair trial), Article 8 (right to respect for private and family life), Article 11 (freedom of association) and Article 1 of the First Protocol (right to peaceful enjoyment of one's possessions). These provisions are explained below. Essentially, they require the sub-committee to identify correctly the competing interests, give each appropriate weight in the circumstances of the case, and balance them against each other in order to arrive at a fair and reasonable decision.

- 6.2 Under Article 6, “everyone is entitled to a fair and public hearing within a reasonable time by an independent and impartial tribunal established by law”. The procedures established by this Council for hearings under the Licensing Act 2003 are compliant with Article 6.
- 6.3 Under Article 8, “everyone has the right to respect for his private and family life, his home and his correspondence”. This right may not be interfered with except in accordance with the law and as may be “necessary in a democratic society in the interests of national security, public safety or the economic well-being of the country, for the prevention of disorder or crime, for the protection of health or morals, or for the protection of the rights and freedoms of others”. In Licensing Act cases this means that the sub-committee must have regard to the effect of its decisions on local residents, and balance their interests against those of the public at large (e.g. the customers of the premises under consideration) and the people operating the business from the premises.
- 6.4 Under Article 11, “everyone has the right to freedom of peaceful assembly and to freedom of association with others” except where it is lawful to restrict that freedom in the interests of national security or public safety, for the prevention of disorder or crime, for the protection of health or morals or for the protection of the rights and freedoms of others”. In Licensing Act cases this means, for example, that the sub-committee is entitled to impose conditions to ensure that patrons of licensed premises do not unreasonably disturb others living or working nearby. Again, the sub-committee should balance the competing interests.
- 6.5 Article 1 of the First Protocol (that is, the first amendment to the Convention) says that every natural or legal person (meaning a human being or a company) is entitled to peaceful enjoyment of his possessions, except where the law provides for restrictions on that right in the public interest. This means, for example, that it is compliant with the Convention to impose restrictions, such as those provided in the Licensing Act 2003, upon business premises where it is in the public interest to do so. On the other hand the same applies to the owners and occupiers of neighbouring premises.

7. Appeals.

If the sub-committee imposes conditions on the licence with which the applicant disagrees, or modifies the licensable activities permitted or refuses to specify a person as a designated premises supervisor, he or she may appeal within 21 days of notification of the decision to the Magistrates’ Court. The applicant may also appeal if an application for a premises licence is rejected. Those making relevant representations may appeal if they believe that the licence should not have been granted, or that, when granting the licence, the licensing authority ought to have imposed different or additional conditions or excluded a licensable activity or refused to specify a person as a designated premises supervisor. The magistrates’ court may dismiss the appeal, or substitute its own decision, or send back the case to the licensing authority with directions as to how the case is to be dealt with. The magistrates’ court may make any costs order it thinks fit.

8. Review provisions.

If extended hours/licensable activities are granted, the Licensing Act contains review provisions which enable those living or running businesses in the vicinity of the premises, bodies representing them or any of the responsible authorities to apply to this licensing authority for a review of the licence. A hearing follows which enables the sub-committee to use the normal powers at a hearing (set out above) but also to suspend the licence for a period of up to three months or to revoke it.

9 Police Closure

A senior police officer may close any premises for 24 hours (this can be extended) where s/he reasonably believes there is or is likely imminently to be disorder on, or in or in the vicinity of the premises and their closure is necessary in the interests of public safety. Closure can also be effected if public nuisance is being caused by noise coming from the premises and closure of the premises is necessary to prevent that nuisance
